CORRIGENDUM
Theoretical predictions for the elliptical instability in a two-vortex flow

By Stéphane LE DIZÈS and Florent LAPORTE

(Received ??)

As pointed out by Pantxika Otheguy, a few misprints are present in formulas of section 6. In expressions (6.1a) and (6.2a), b^2/a_1^2 under the square root should read b^4/a_1^4. Similarly, in expressions (6.1b) and (6.2b), b^2/a_2^2 under the square root should read b^4/a_2^4.

These misprints do not affect the results which were obtained with the correct expressions.
